

Dear Parents and Guardians,

Welcome to the 2026–2027 school year!

We are Audreanna Elliott and Mr. Christopher Collier, and we serve as Transportation Coordinators for DeLaSalle Education Center. Our role is to help coordinate student transportation and assist families with transportation questions, concerns, and needs throughout the school year.

Please keep our contact information available and contact us if you have any questions or concerns regarding your student's transportation.

Mr. Collier – Transportation Coordinator

Student Information

The following information is needed to access your student's transportation information through the My Ride K-12 app.

Student Name: _____

Student ID Number: _____

Please keep this information available when setting up the My Ride K-12 app.

My Ride K-12 App

DeLaSalle Education Center uses the My Ride K-12 app to provide families with important information about student transportation. The app allows parents and guardians to view their student's transportation information, including their assigned bus, route information, bus stop information, and estimated bus arrival information when available.

To access your student's transportation information in the app, you will need to enter the student's name and student ID number listed above.

The app may also provide updates and changes to transportation information throughout the school year.

It is very important that parents and guardians regularly check the My Ride K-12 app for updates. Bus routes, bus stops, pickup and drop-off times, and other transportation information may change throughout the school year. Checking the app regularly will help ensure that you are aware of any changes that may affect your student's transportation.

We encourage all families to download the My Ride K-12 app and become familiar with it before transportation begins.

If you have questions about your student's transportation, need assistance with transportation information, or have any other transportation needs, please contact either of us using the information provided above.

Thank you for your cooperation and for helping us provide safe and reliable transportation for our students.

Thank you,

Mr. Collier

Audreanna Elliott
