

Message from the Executive Director

Welcome to the DeLaSalle Education District. As Executive Director, I am proud to announce a comprehensive educational community that includes **DeLaSalle High School (9th - 12th)**, **Kintsugi Alternative High School Program at MCC, Tolbert Academy at DeLaSalle (K-8th)** and **Breakthrough Academy (K-5th)**. We are authorized to operate as a charter under the **Missouri Charter Public School Commission**.

Our work is guided by the **Troost Covenant**—this is a commitment to the families who choose to educate their children along Troost Avenue in Kansas City. We are making a promise to provide a high-quality PreK - 12th education that develops the whole student and prepares every young person for a successful future. **Our promise to our families in KC is a commitment to high quality education from the Cradle to the College and Careers.**

Across our schools, we are committed to building strong literacy, critical thinking, inquiry, and 21st-century skills while grounding our work in social-emotional learning and meaningful real-world experiences. Every student should leave our schools with a plan for future readiness and success.

We believe in a comprehensive approach to education—one that recognizes that every child is important and every second of their education counts. Our direction is clear: to ensure that every student is known, challenged, supported, and prepared to pursue extraordinary things in their lives.

Welcome to the DeLaSalle Education District—where opportunity, preparation, and purpose come together for every student. We are one district that serves many students. We are DLS!

Sean Stalling
Executive Director
DeLaSalle Education District
